

# Vasileios Oikonomou

Finance Officer · Data & automation

Finance officer with a background in economics and applied informatics. My day job is public-sector financial control — payroll and the execution of budget funds — and most of what I build comes from automating the parts of it that should never have been manual.

Athens, Greece · [billoiko8@gmail.com](mailto:billoiko8@gmail.com) · [portfolio-oiko4.vercel.app](https://portfolio-oiko4.vercel.app) · [github.com/oikonomouvasilis](https://github.com/oikonomouvasilis) · [linkedin.com/in/vasileios-oikonomoy/](https://linkedin.com/in/vasileios-oikonomoy/)

## EXPERIENCE

---

Jun 2024 – Present

### Fiscal Auditor

Greek Army · Athens

Payroll for a large body of personnel, and execution and control of national funds from the defence budget.

- Payroll leaves no room for error and repeats every month. I moved the recurring cross-checks into scripts, so the same mistake cannot be made twice.
- Controlling budget execution means reconciling figures that live in separate systems and formats. Most of what I build starts from exactly that friction.

Nov 2023 – Jul 2024

### Trainee, Finance Corps Military Academy

Greek Army · Athens

Specialist training in military financial administration.

Oct 2022 – Jul 2023

### Assistant Accounting Manager

Greek Army · Thessaloniki

Internship in accounting operations.

Oct 2019 – Oct 2023

### Finance Cadet

Hellenic National Defence General Staff · Thessaloniki

Officer training, alongside the economics degree.

- Four years of officer training running in parallel with a full economics degree — both finished with honors. What it taught me was scheduling, not theory.

## EDUCATION

Oct 2022 – May 2024

### MSc, Applied Informatics — Business Computing

University of Macedonia

*Graduated with honors*

Oct 2019 – Jul 2022

### BSc, Economics — Business Administration
